

Dear Princess Guest:

I hope you are enjoying your time on board. It is our pleasure to host you.

All of us at Princess are proud of the diversity and inclusiveness of our team, who hail from dozens of countries around the globe. Our thoughts right now are with our Ukrainian and Russian team members as we know they are concerned about events unfolding in their homelands and the impact on their friends, families and loved ones.

Please know that we are doing everything possible to support these team members affected by recent events by offering aid as needed, including internet vouchers, counseling through our company assistance programs, scheduling accommodations, and alternative payroll solutions if they are unable to access their bank accounts.

It is gratifying that our shipboard teams come together and demonstrate compassion and support for their fellow colleagues during difficult times. And we are always heartened by the additional expressions of care and sympathy offered by our guests, as well.

The Princess family offers our continued thoughts and prayers and we appreciate you joining us in showing your support for those team members impacted by recent events.

Sincerely,

A handwritten signature in black ink, appearing to read "John Padgett", written in a cursive style.

John Padgett  
President, Princess Cruises
